

The name of your website

The description of your topic: must contain at least 5 sentences

A list of each of the page names (Note: About Us would be a page, but login would not (That's more like a popup feature)).

A description of the data you will be storing, manipulating and viewing. Go Into details, e.g.

We will be storing a list of tools (Tool name, description, price, producer, ...). Only the administrator will be able to add / edit / delete, so we will need user accounts with login security.

NAME OF MY WEBSITE: Formula One Safety Advancements and history

For my website I want to go in depth about Formula One Safety. I did a essay on this last semester and there are not very many websites that can explain to you what main changes are made in Formula One. I will write about the changes made to the cars and how they have became safer. Write about changes to the outfits the drivers wear to help make sure they are not hurt and can survive big crashes. And I will talk about the a few people that died to push these changes.

There will be 5 pages:

1. Main page that shows a picture of an old formula one car compared to a new formula one with a small snippet of information written about it.
2. A page about the drivers outfits. This will include a picture of 3 parts of a drivers outfit. The helmet, the heat resistant suit and the biometric gloves. Each will have a picture of them and a small paragraph about what they do.
3. A page with links and pictures of the FIA logo who control Formula One safety regulations so they can get more information about everything in the very nitty gritty of everything.
4. A picture of 3 main changes in a formula one car from the old ones and information about them. These 3 will be the halo, the survival cell, and Fuel cell protection.
5. A memorial to Ayrton Senna and Jules Bianchi who are the last two drivers to die in Formula One. It will include information about how they died, information about Ayrton Senna's legendary Racing career, and how his death sparked the changes made to safety in F1, and information about Jules Bianchi short career in Formula One, but mainly how he died and him as a person. Jules is the most recent death in Formula One.
